

Art Unit: 3694

Continuation of the substance of interview: Discussed overcoming the 35 USC 101 rejection by amending the claims to concretely disclose the use of a computer system to perform the method.

Discussed how the invention is directed at trading portfolios in their entirety, vice trading the individual assets within said portfolio. Applicant agreed to amend the claims to claim said feature. Discussed the objection to the IDS, which the Examiner agreed to withdraw in the next action on the merits.

/D. L. G./

Examiner, Art Unit 3694
